

Care As You Earn

- Payroll giving is easy and tax effective
- You can choose the amount you wish to donate

How to pay less tax and increase the value of your gift

Payroll giving is the simplest and most effective way for employees (and those on a company pension scheme) to give to charity direct from their pay packet. It is tax effective because the amount you decide to give is deducted from pay before tax is calculated. So for every £1 you give it will only cost you 80p (the tax savings are even greater for higher rate tax-payers).

Why is payroll giving so important to ACCORD Hospice?

Your regular contributions would enable us to plan ahead. We will keep you informed of developments at ACCORD by sending you our twice-yearly newsletter the ACCORDian.

Individual's Pledge to Charity Gross	Cost to Individual at 20% Tax Net	Cost to Individual @ 40% Tax Net
